

Description

ବ୍ୟାପିତେ କାହାରିମାନିରୁଥିରୁ କାହାରିମାନିରୁଥିରୁ କାହାରିମାନିରୁଥିରୁ

Îñôîñî±ë» îñôîñî±1 ñ1/4îñî» îñ-îñ1/4îñ ñ3îñî± îñ-îñ1/4îñ, îñ1/4îñë»», îñ-îñ1/4îñ-îñôîñî±1 îñ1/2îñ± îñôîñ. îñ1/4îñîñî±1, îñôîñ- îñôîñ îñ.

Jeremy Bentham (1748-1832) argued that the principle of utility should be the sole criterion of right and wrong. He believed that the greatest happiness of the greatest number should always be the goal of society. Bentham's ideas have been influential in the development of modern political philosophy, particularly in the fields of law, ethics, and social welfare.
